

What's Up @ KPIT

Your guide to all things

October 17, 2022

In The News

DISRUPTION AFOOT

Just last month, KPIT appeared on the Forbes Tech Briefing podcast when it acquired Technica Engineering, a Munich headquartered company specializing in production-ready system prototyping.

FROM STRENGTH TO STRENGTH

In May this year, we strengthened our presence in the US with a new software excellence center in Michigan where we are accelerating software-defined vehicle development for mobility OEM giants and Tier 1s within the US.

What Our Leaders Think

WORK FROM HOME OR NO?

Ever wonder how remote working affects women in tech? Does it signal an opportunity for women to start afresh? Our CFO, Priya Hardikar's opinion on the subject was featured last month.
