What's Up @ KPIT

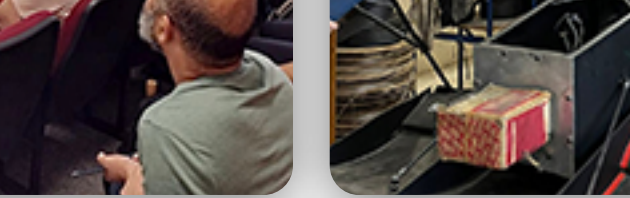

A New Year
with New Possibilities

January 14, 2023

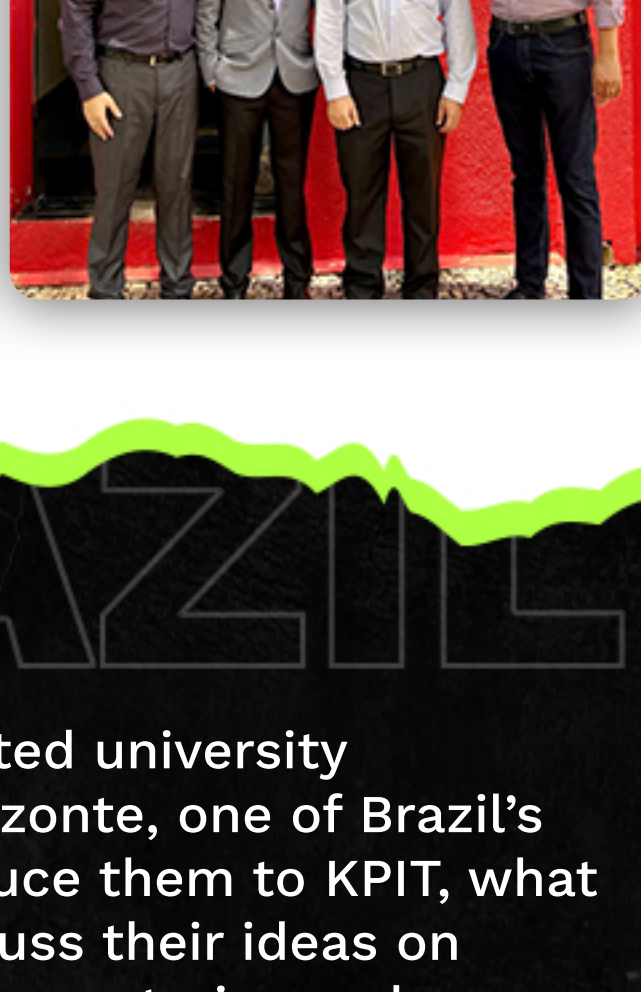

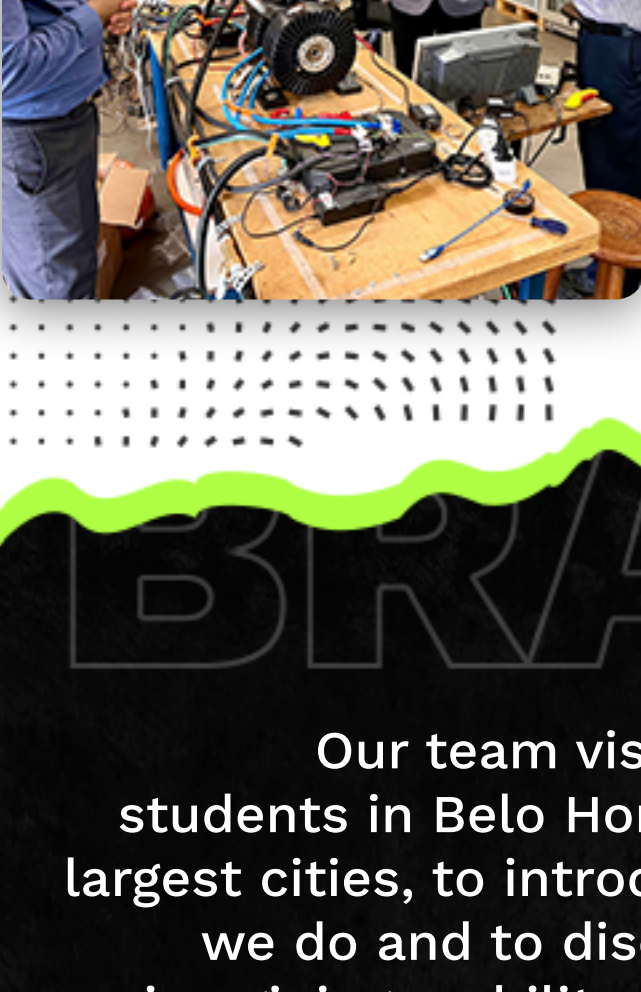

...AND WE ARE BACK!

It's 2023, and do you know what that means? A new year brimming with new possibilities that will shape the world of mobility like never before. We couldn't wait to reach out yet again, and we're kicked to be back with an all new What's Up @ KPIT!

Without further ado, let's drive right in.

BACK TO SCHOOL, IN BRAZIL

Our team visited university students in Belo Horizonte, one of Brazil's largest cities, to introduce them to KPIT, what we do and to discuss their ideas on reimagining mobility, powertrains and more. Check out pictures from this exclusive university visit right away!

PERSEVERANCE HAS A NEW FACE

If you've been struggling to keep up with your new year's fitness resolutions, you might want to take a cue from Akshay Deshpande, Practice Director at KPIT. Akshay featured on our second episode of Faces of KPIT to talk about how he pushed past his boundaries to follow his passion for fitness with a side of mobility.

KPIT ACCELERATES TRANSFORMATION TOWARDS SDVs AT CES

Ever heard of the Consumer Electronics Show (CES) that happens in Las Vegas? It's a flagship technology event that anyone involved in mobility wouldn't want to miss for the world! And, KPIT was right there making waves, as we talked about accelerating the transformation of mobility towards Software Defined Vehicles (SDVs). Catch a glimpse of how we are making this transformation a reality, by browsing our official press release.

BUILDING A CAREER IN AUTONOMOUS DRIVING

The field of autonomous driving (AD) is growing rapidly every day and both software professionals and engineers can be a part of it. If you're wondering how you can lay a strong foundation for a career in AD software development, how you can work on global programs as an engineer, and what skills you'll need to work on the largest AD product programs, we've got a cheat sheet just for you!

KONNICHIWA FROM KPIT JAPAN

Did you know KPIT has been present in Japan for the past 15 years? That's right, we have a team of 100+ experts who are reimagining mobility across our offices in Tokyo (Nihonbashi) and Utsunomiya. Check out exclusive photos in this virtual tour of KPIT Japan.

AND THAT'S A WRAP FOR THIS WEEK OF 2023!

Write in with your feedback and suggestions on what you'd like to see more of, to help us shape these updates into something bigger and better this year.
